This diagram illustrates the assembly of the table top and legs. The top part shows the table top being lowered into the leg frame. A callout shows a screwdriver tightening a screw labeled 'e3'. Below this, a warning icon (exclamation mark in a circle) is shown with two downward arrows and the text 'kg max.' indicating a weight limit. The bottom part shows the table top being secured to the legs. A callout shows a screwdriver tightening a screw labeled 'e2'. Another callout shows a 2-3cm gap between the table top and the leg frame, with a screw labeled 'k1' being used to secure the leg. A weight limit icon shows 'kg max 15 kg' with a downward arrow.
